Complete Supabase Database Export

Cav Photo Studio & Cafe

Read-only snapshot captured at 2026-10-20T10:56:57.819054+00:00. Discovered 73 base tables and 1,878 records across all non-system schemas.

Credential protection: credential-like columns and nested fields whose names indicate passwords, tokens, secrets, private/API keys, credentials, or signing/encryption keys are shown as [REDACTED: credential field]. Record counts and all column names are retained. Other values are exported as retrieved. No database data was changed.
